

Biography of Jason May

Jayson currently works for Texas Parks and Wildlife as the Resource Specialist for the Lost Pines Complex. He has also worked at Pedernales Falls State Park and South Llano Rive State Park. Prior to working for TPWD he was a Restoration Coordinator, doing ecological restoration across Texas. His background is in the retail nursery trade, specializing in Texas native plants and creating sustainable, wildlife friendly landscapes. In his free time, he stays busy by removing plants from his yard and replacing them with plants that are native to Bastrop County.
